

Decision II/11

Scope of the Basel Convention

The Conference,

Having considered the issue of the scope of the Basel Convention in relation to its applicability to radioactive waste as raised by the Secretariat in document UNEP/CHW.2/26,

1. Invites Parties and non-Parties to present their views on this issue to the Secretariat of the Basel Convention;
2. Requests the Secretariat on the basis of these views in collaboration with the International Atomic Energy Agency (IAEA) to prepare a document for further consideration by the Meeting of the Open-ended Ad Hoc Committee for the Implementation of the Convention.
