

Decision POPRC-3/10: Beta hexachlorocyclohexane

The Persistent Organic Pollutants Review Committee,

Having completed the risk profile for beta hexachlorocyclohexane in accordance with paragraph 6 of Article 8 of the Stockholm Convention,

1. *Adopts* the risk profile for beta hexachlorocyclohexane set out in document UNEP/POPS/POPRC.3/20/Add.9;
 2. *Decides*, in accordance with paragraph 7 (a) of Article 8 of the Convention, that beta hexachlorocyclohexane is likely, as a result of long-range environmental transport, to lead to significant adverse human health and/or environmental effects such that global action is warranted;
 3. *Decides further*, in accordance with paragraph 7 (a) of Article 8 of the Convention and paragraph 29 of decision SC-1/7 of the Conference of the Parties, to establish an ad hoc working group to prepare a risk management evaluation that includes an analysis of possible control measures for beta hexachlorocyclohexane in accordance with Annex F to the Convention;
 4. *Invites*, in accordance with paragraph 7 (a) of Article 8 of the Convention, Parties and observers to submit to the Secretariat the information specified in Annex F before 5 February 2008.
